

STEPHEN EJIRO OGBARIEMU

Data Analyst | Inventory & Supply Chain Professional

No. 3 Ajibode Street, Ajuwon, Lagos | 08066148599 / 08072155639 | stephenamos536@gmail.com

GitHub: github.com/stephen-ogbariemu | LinkedIn: linkedin.com/in/stephen-ogbariemu

CAREER OBJECTIVE

Detail-oriented inventory and supply chain professional transitioning into data analysis, combining hands-on ERP and operations experience with growing proficiency in Excel, SQL, Power BI, and Python. Skilled at turning stock, procurement, and compliance data into clear, actionable reporting. Adaptable, self-motivated, and comfortable working independently or across teams to deliver accurate, audit-ready results.

DATA ANALYTICS SKILLS

- Excel: Pivot tables, advanced formulas (SUMIF/XLOOKUP), conditional formatting, dashboards, data validation
- SQL: Data querying, filtering, joins, aggregation, table design (MySQL Workbench)
- Power BI: Interactive dashboards and data visualization
- Python: Foundational scripting for data cleaning and analysis (in progress)
- Built and published multiple end-to-end dashboard projects (Coca-Cola, Netflix, Apple, Adidas, HR analytics, teen mental health analysis) — portfolio on GitHub

CORE COMPETENCIES

- Warehouse Operations & Inventory Control
- Stock Auditing & Data Reporting
- Logistics & Supply Chain Coordination
- ISO 9001 / 45001 Compliance & Documentation
- Process Optimization & Space Utilization
- Team Leadership & Staff Training
- Sage 300 ERP & Warehouse Management Software
